(Tai Bao Fa [2022] No. 18) and the Implementation Rules of Management Measures on Related Party Transactions of China Pacific Insurance (Group) Co., Ltd. (Tai Bao Fa [2022] No. 66) to improve the internal control of related party transactions and regulate the conduct of related party transactions of the Company in 2022, and reported it through the related party transaction supervision system of the CBIRC.

III. IMPLEMENTATION OF MANAGEMENT SYSTEM FOR RELATED PARTY TRANSACTIONS

In order to carry out the new regulatory requirements in full and prevent risks related to related party transactions, the Company and its subsidiaries attach great importance to and keep improving the management of related party transactions. The Company has built a management system of related party transactions that is in line with regulatory requirements, establishing a review and decision making mechanism with clear responsibilities and requiring each level to fulfil the responsibility of managing related party transactions. The Company also maintains coordinated measures and control, sets up a whole-process closed-loop management that covers list management, transaction identification, review, report disclosure and supervision, further strengthens the construction of the related party transaction management system and enhances the systematic management of the whole process. In 2022, the Company continuously improved the risk control and management effectiveness in respect of related party transactions, and ensured that related party transactions of the Company met the regulatory requirements, and complied with the principal of compliance, integrity, fairness and justice.

(I) Standardisation of Management of Information of Related Parties

In accordance with regulatory requirements and the Company's internal management regulations, the Company continued to implement normalized mechanism management for the update of the list of related parties, and carried out the update, verification, review, release and submission of the list of related parties in a compliant and orderly manner; according to the regulatory requirements of the CBIRC, the Company proactively collected information on substantial shareholders, insurance subsidiaries and other important related parties, and completed the supervision and submission of the list of related parties on time. At the same time, Under the integrated management and control model for information of related parties, "following the general coordination of the Group and the self-governance of each of the legal person", all insurance member companies strictly implemented the regulatory requirements to update related party information files in a timely manner. They endeavored to ensure a high-quality and effective management of list of related parties by accurately classifying related parties in accordance with regulatory rules and by legal entity, standardising the release of list of related parties, introducing third-party data verification services and engaging lawyers and accountants to offer professional assistance. As of 31 December 2022, the Company had 4,265 related legal persons, 386 related natural persons and 16 other organisations under the rules of the CBIRC.

(II) Effective Execution of Review Procedures for Related Party Transactions

The Company established a sound internal control mechanism of related party transactions, under which all parties involved in review of related party transactions should duly performed their duties, and records should be kept for review of key parts including business, finance and compliance. According to the Management Measures on Related Party Transactions of China Pacific Insurance (Group) Co., Ltd. (Tai Bao Fa [2022] No.18) and the Implementation Rules of Management Measures on Related Party Transactions of China Pacific Insurance (Group) Co., Ltd. (Tai Bao Fa [2022] No. 66), major related party transactions will be submitted to the Board of the Company for approval upon reviewing by the Risk Management and Related Party Transactions Control Committee under the Board, while the Company and its relevant departments are authorised to review general related party transactions and shall file such transactions with the Risk Management and Related Party Transactions Control Committee under the Board on a regular basis. In 2022, the Risk Management and Related Party Transactions Control Committee under the Board operated effectively, held four meetings to consider matters regarding the related party transactions, at which resolutions were passed and filed. The Company has set up a Related Party Transaction Management Office, which is headed by the Compliance Officer. Members include the heads of the Group's Legal and Compliance Department, the Board Office, the Human Resources Department, the General Finance Department, the Asset Management Department, the Science and Technology Management Department, Risk Management Department, Strategic Research Center and Financial Sharing Center. In 2022, seven meetings were held, and resolutions were formed and archived.

(III) Proper Information Disclosure and Reporting

In compliance with the relevant regulations, the Company duly completed the information disclosure on related party transaction as well as a variety of reporting work. In accordance with the Standards for the Disclosure of Information on Funds Utilisation by Insurance Companies No. 1: Related Party Transactions (Bao Jian Fa [2014] No. 44) and the Administrative Measures for the Related Party Transactions of Banking and Insurance Institutions (CBIRC Order No. 1 [2022]) issued by the CBIRC, the Company made public disclosure and reporting of information in respect of related party transactions in a timely manner through the Company's website and the website of Association of Insurance Industry. In 2022, the Company disclosed a total of 21 related party transactions item by item in accordance with regulatory requirements.

(IV) Regular Audit on Related Party Transactions

According to the requirements of the CBIRC, the Audit Center of the Company conducted special audits on the soundness, rationality and implementation effectiveness of related party transactions and internal control from January to December 2022. The audit work found that the Company had problems such as “inadequate collection of information on individual related parties” and “failure to identify individual related transactions in a timely manner”. It is recommended that the Company should strengthen the timeliness of internal information collection and transmission, optimize the identification function and enhance training and publicity in accordance with regulatory requirements.

(V) Construction of Related Party Transaction Management System

In view of the current management situation of the Company, in order to solve the pain points and problems in the management and control of related party transactions, the Company has launched a construction project of related party transaction management system and fully deployed and promoted the system construction program to comprehensively upgrade the intelligent and informative management capability of the Company’s related party transactions. The system starts from the collection and verification of related party information, identification and monitoring of related party transactions, transaction data statistics, reporting and disclosure, and builds a data platform for the management of related party transactions of CPIC Group, comprehensively integrates and opens up key management links, strengthens the accuracy and data processing capabilities of all aspects of related party transaction management, and basically realizes systematic management and control of the whole process of related party transactions.

IV. FURTHER MEASURES OF MANAGING RELATED PARTY TRANSACTIONS

In recent years, the Company has attached great importance to the management of related party transactions, continued to improve the construction of systems and mechanisms, and continuously met the new requirements of regulatory authorities. The implementation of the Administrative Measures for the Related Party Transactions of Banking and Insurance Institutions (CBIRC Order No. 1 [2022]) put forward higher requirements for the management of related party transactions, further clarifying the objectives of substantive penetration and strict prevention of improper transfer of benefits, which significantly improved the Company’s requirements for active management and systematic construction. The Company will further improve the internal control mechanism of related party transactions, focus on the management initiative of related party transactions, continuously strengthens the management and governance of related party transaction data, and vigorously improve the information management level of related party transactions.

Firstly, the Company will focus on “management initiative”. The Company will strengthen the communication and publicity of the Company’s related party reporting responsibility subjects, and urge related parties to declare related relations in a timely, accurate and complete manner.
